Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioural patterns and recognize what would work and why

Purpose:

- ❑ Solve complex problems in a way that fits the state of your customers.
- ❑ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behaviour.
- ❑ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ❑ Increase touch-points with your company by finding the right problem-behaviour fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ❑ **Understand the existing situation in order to improve it for your target group.**

AS THE TEMPLATE DOWNLOADED FROM THE GIVEN RESOURCE LINK ALL ARE IN PNG FORM SO JUST MADE IT INTO TABLE FORMAT:

Section	Solution
Identified Problem	Users (real estate analysts, buyers) find it hard to analyse housing trends due to scattered and raw data lacking clear visual interpretation.
Proposed Solution	Develop interactive charts, dashboard, and story using Tableau that clearly show patterns in housing prices, renovation impact, and house features.
Why This Solution?	It converts raw housing data into easy-to-understand visuals. Users can interact with filters and see trends quickly without manual calculations.
Fit for Target User?	Yes, analysts and stakeholders get a clear, professional view of the data, helping them make decisions faster and with more confidence.
